

# BIG WATER

## POLYESTER DOUBLE JACKETED, THERMO-POLYURETHANE LINED HOSE

The Firequip Big Water is specifically engineered to deliver extra-large volumes of water at high pressure while minimizing friction loss, making it ideal for oil refinery and large storage tank fires. This hose is tough yet lightweight, strong, and compact, fitting easily on most hose storage devices.

Its outer jacket features a Wear Guard treatment that significantly enhances abrasion, heat, and flame resistance, while effectively minimizing water absorption. Additionally, it provides exceptional resistance to petroleum chemicals and is highly resistant to bacterial and mildew growth, ensuring reliable performance in challenging environments.

**TEMPERATURE RANGE:** -60F to 150F (-50C to 65C)

**COUPLINGS:** 6" 3-Lug Storz Couplings

### HOSE COLORS

Yellow
