TSX SLUDGE HOSE

EXTRUDED POLYURETHANE HOSE

Purpose-built to move sludge quickly and efficiently, Snap-tite Hose’s TSX is the industry’s gold standard drag hose that tackles even the most demanding work conditions with ease. The heavy-duty hose features 100% high tenacity yarn with extruded thru-the-weave polyurethane for extreme durability that also resist snaking for excellent flow and superior productivity. TSX has the highest burst pressure rating shored up with the thickest outer cover in the industry, high-tensile hose wall, for the confidence and reliability you need to get the job done.

FEATURES AND BENEFITS

- Withstands exposure to most hydro-carbons, gasoline, oils, alkalis and grease with no effect on the performance of the hose.
- TSX shows no visible signs of cracking of the liner or cover when subjected to testing in accordance with ATSM D1149-64, 100 PPHM/122°F/70 hours.
- Five-times more abrasion resistant than conventional rubber hose making it ideal for all sludge and slurry applications.

- Performance rated at -60°F to 180°F (-51°C to 82°C).
- NSF standard 61 and potable water approved materials.
- Designed for maximum service life and low operating cost for greater value.
- Made in the USA, manufactured within the scope of our ISO-9001: 2015 certified quality management system.

CONSTRUCTION
Polyurethane Thru-the-Weave Extrusion

TEMPERATURE RANGE
Performs -60°F to 180°F (-51°C to 82°C)

STANDARD LENGTH
660’ (220M)

COLORS
Brown (N)            Blaze Orange (O)
